REPORT ON
FIVE DAYS INDUCTION TRAINING FOR NACP COUNSELLORS
(ICTC, ART, DSRC, TI, OST)

BASIC SERVICE DIVISION (BSD)

KERALA STATE AIDS CONTROL SOCIETY

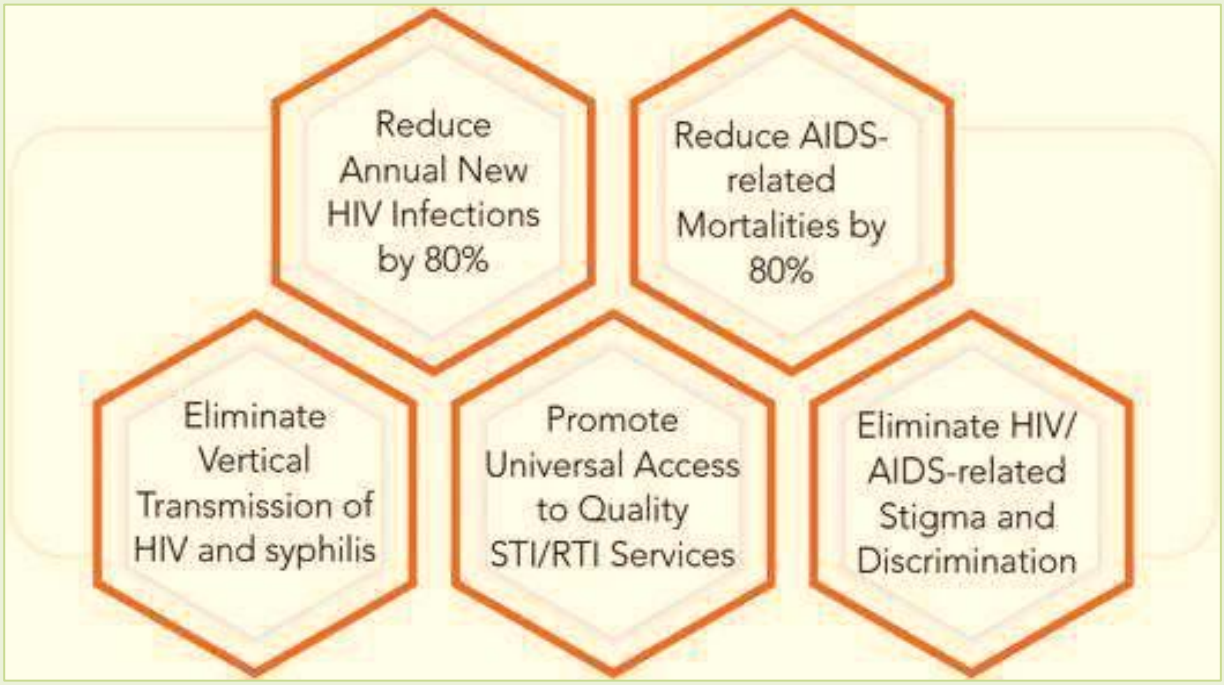

INTRODUCTION

Kerala State AIDS Control Society (KSACS), was formed to implement the National AIDS Control Programme (NACP) in the state. It works under the National AIDS Control Organization (NACO) which is a part of the Ministry of Health and Family Welfare of the Government of India.

One of the guiding principles of NACP-V (2021-26) is breaking the silos and building synergies. NACO has also set national core and priority indicators which have been grouped into seven strategic objectives:

- Reduce new infections among those at substantial risk
- 95% of PLHIV know their status and are linked to treatment (TL)
- 95% of PLHIV identified on ART and 95% viral suppression of those on ART
- Reduce mortality
- Reduce new infections among children
- Reduce co-morbidity and mortality
- Zero discrimination

NACP PHASE - V (2021-2026) : GOALS

In order to provide quality services to the clients in a holistic manner, the counsellors' ToR has been revised to break the silos and to create synergy in the counselling support provided to the clients visiting various services such as ICTCs, TI programmes, ART centres, DSRCs, OST centres, Sampoorna Suraksha Kendras (SSKs), OSCs, and 1097 helpline under the NACP.

As directed by NACO, Kerala SACS has planned and implemented NACP counsellors training is a five-day class-room, residential training. Each batch has between 25 and 30 participants. BSD has prepared a training calendar and submitted it to NACO, on the basis of the training calendar, Basic Service Division has implemented the training in region wise with 8 batches. Each batch has been implemented with the participation of different counsellors under NACP. BSD KSACS has rolled the proposed induction training with the support of Division Heads of KSACS, DISHA officials, SAATHII officials, Medical Officers of ART, Medical Officers of DSRC and also two external Resource Persons.

Goal and Objectives of the training

- To equip the counsellors with the necessary knowledge, skills, and resources to effectively contribute to the prevention and management of HIV/AIDS in their respective communities.
- Counsellor will have to understand this inter-dependency amongst various services in order to effectively cater to the needs of the clients.
- Provide a unified approach to counselling, ensuring that all counsellors adhere to the same high standards of care and ethics and establish a single window service delivery to all PLHIV as well as at-risk populations.

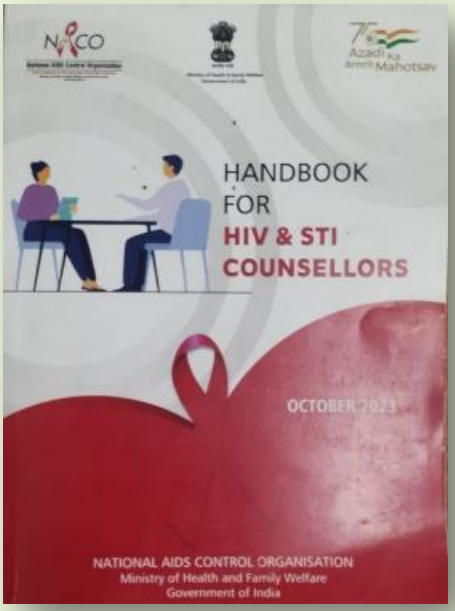

IMPLEMENTATION OF TRAINING IN THE STATE

The training was implemented in the State based on the directions of NACO. As a first step a meeting was convened under the chair of Dr. Sreelatha R, Project Director, KSACS and all the programme officers were present during the meeting. The importance of the training programme

was shared in the meeting and all the division heads were asked to provide the details of the counsellors to include in the training. Also the training experts from each programme were also asked to furnish by the division heads.

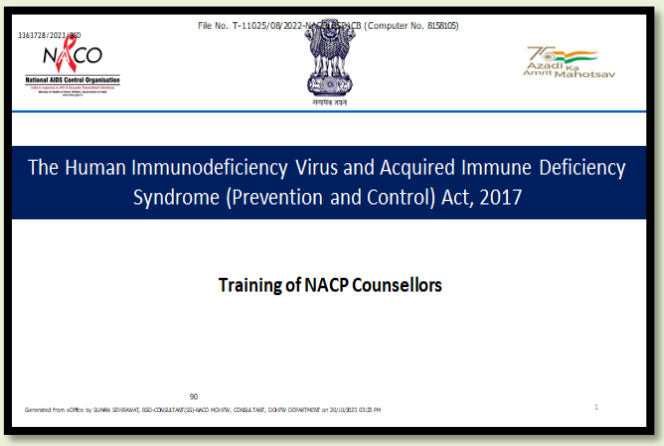

For the successful completion of the training, NACO has provided KSACS with the facilitator's manual, technical content, PowerPoint presentations, and a counselling tool that are to be used for the training the counsellors.

Hand Book for HIV/STI Counsellors

All the sessions were prepared based on the new module for NACP counsellors given by NACO named "Hand Book for HIV/STI Counsellors". There were 24 chapters in the training module and based on the chapters 24 sessions are charted for the training. Step-by-step instructions for proper implementation of all sessions are provided in each chapter. Objectives of the session, the expected outcomes, the suggested training methodologies, materials required and duration are charted out right at the beginning of the chapter.

Training module & PPT for NACP counsellors

As per the direction of NACO, the whole programme was planned and implemented effectively by using PPT given by NACO. 24 sessions was conducted with the support of

programme officers of KSACS, DISHA officials, eminent Master trainers from ART, DSRC and two Resources.

Induction Training calendar

Training of counsellors is not a one-time event but a continuous process that requires careful planning and execution. This induction training calendar is prepared based on the training module provided by NACO. The training was scheduled in 8 batches as a heterogeneous group consisting of counsellors from different NACP service centres like ICTC, ART, DSRC, TI and OST. A group of 30 – 35 counsellors are calendared in each batches. The batch wise calendar prepared for the induction training of counsellors is shown below;

Pre-test and Post-test for the NACP Counsellors

A pre-test assessment was given to participants before they have undergone the training to assess their knowledge about the programme. The pre-test was conducted in an online mode with a structured questionnaire.

A post-test has also been done. The same questionnaire used for pre-test has been reapplied after the completion of the training programme to measure the learning of the programme by the participants. A sample of the pre-test and post-test is depicted here.

Certification to participants

As directed by NACO, Kerala SACS has issued certificate of participation to all Counsellors attended who have successfully completed the full five-day induction training.

Participation Certificates for NACP counsellors

During the valedictory session, participation certificate distributed to all participants by the master trainers. After this, feedbacks of the training were taken from the participants.

Feedback from the participants

1. The 5 days was a comprehensive training. It enhanced the knowledge and skills.
2. The training session definitely braked the silos and created an opportunity to know each other role and responsibilities.
3. It is an opportunity to know more about programmes & activities of other NACP divisions.
4. Came to know about the current scenario of the State.
5. The training helped to know about the Newer strategies that are to be ruled out in the State for programme achievement.
6. This is the first experience in this NACP programme that to know about the on-going activities under other divisions.
7. Got an opportunity to interact with counsellors of other divisions.

Thank You …….

Express deepest gratitude to our apex organization National AIDS Control Organisation for guidance in conducting the training. Your support in imparting the various strategies to our staff has enabled us to enhance our skills and knowledge, which will have a lasting impact on our work and contributions.

Basic Service Division expresses a heartfelt gratitude to Dr. Sreelatha. R, Project Director, KSACS who inspires us to achieve our best and serves as a pillar of strength. Thank you for her continuous support, participation and contributions to our training program throughout.

Express the sincere appreciation to Smt. Hema V, DD- Finance and her team for the support and assistance in making our training program a success. The efficient handling of financial arrangements, reimbursements, and logistics ensured a smooth and stress-free experience.

Extend sincere thanks to the Programme Officers of KSACS - Dr. Yamini Thankachy, Smt. Reshmi Madhavan, Smt. Balamanju, Sri. Kannan and Smt. Ragi Ravi who supported the training and their insight and engagement made the experience truly enriching and valuable. The dedication to sharing your knowledge and best practices has had a profound impact on our counsellors for their betterment and development of the programme. We appreciate the time and effort you invested in preparing and delivering your sessions.
